Part-time teaching opportunities are available throughout the academic year including summer and winter terms. Duties may be carried out during daytime, in the evening and weekend. Individuals may enter expressions of interest by submitting their credentials on any course(s) for which they are qualified to teach. Screening of individuals in the pool is ongoing, depending on curricular need. Individuals will be contacted and interviewed if they make it to the finalist stage for teaching a particular course or set of courses. Early application is encouraged. The pool will remain in place until/unless a withdrawal is requested.
