CAREER in Commercial Banking – Global Trade & Receivables Finance

Hang Seng's Commercial Banking provides customized financial solutions to a full spectrum of business customers, ranging from small to medium-sized enterprises (SMEs) to large corporations to grow their businesses. For customers conducting business locally or around the world, we offer a comprehensive range of services including corporate lending, trade and receivables finance, structured loan, cash management, investment, treasury services, insurance and e-Banking services.

Your **PATH** to Success - Global Trade & Receivables Finance Functional Trainee Programme

We seek high caliber individuals to join our department as **Functional Trainee**. This 18 to 24 months programme offers comprehensive classroom training, job attachments, support in attaining professional qualifications and senior management mentorship. Upon completion, you should become a competent **Assistant Relationship Manager** who will provide professional advices on trade finance for assigned group of corporate customers. Most importantly, the programme gives you exposure to the best banking practices and the opportunity to develop your career in a financial institution that has ranked as the ‘Best Domestic Bank in Hong Kong’ for the past 17 years*.

We are looking for driven individuals who can make that **CHANGE in taking the Bank to the next level to join as FT for Commercial Banking – Global Trade and Receivables Finance:**

- Bachelor's degree or above from an accredited university
- Less than two years' working experience
- Excellent written English and Chinese, and fluent spoken English, Cantonese and Putonghua
- Strong business acumen and analytical ability
- Strong self-motivation and drive to achieve excellence
- Excellent interpersonal and communication skills
