Fintech Career Accelerator Scheme (FCAS) is a gap-year internship scheme initiated by the HKMA and ASTRI in 2016 to nurture talents to meet the growing needs of fintech in Hong Kong. Around 200 students from the ten local universities have been equipped through FCAS Gap Year Programme over the past two years. More internship opportunities will be offered in the 2019/20 intake of FCAS.

Students are invited to join the FCAS Information Day to touch base with representatives from 21 financial institutions to understand job requirements, duties and training opportunities. In addition to the gap-year placement, students could also learn about other programmes including entrepreneurship boot camp and Shenzhen Summer Internship.
