

Tuesday, 10 September 2019 | 6:30pm – 9:15pm (Registration starts at 6:00pm)
The Ritz-Carlton Hong Kong, International Commerce Center, 1 Austin Road West, Kowloon

Save a Seat!

As we shift into the digital age, we can see that technology is reshaping work - *79% of jobs in Hong Kong will be transformed by 2021**. While a whole host of new exciting roles across different business functions are likely to be created, it is essential for all talents – no matter what your educational background is – to start growing a new mindset of lifelong learning to become future-ready.

At Microsoft, we have a mission to enable next-generation talents to unlock their full potential by empowering them to acquire AI skills. Join us at **Empower YOUth** on September 10 to **hear inspiring stories** on how individuals and organizations have been using cloud and AI technology to bring in new breakthroughs, **to magnify the in-demand skills** you need, and **to create connections** for exploring your career possibilities.
