

## Ocean Park ESG Experiential Learning Day for MScPACG and MAIA Students (10 January 2025)

16 JANUARY 2025

On 10 January 2025, the Department of Accountancy organized an engaging Ocean Park Environmental, Social, and Governance (ESG) Experiential Learning Day for students enrolled in the Master of Science in Professional Accounting and Corporate Governance (MScPACG) and the Master of Arts in International Accounting (MAIA) programmes.

The day was filled with fun and experiential team activities led by professional coaches, centered around the ESG theme. These took place at various designated attractions within Ocean Park and included interactive sessions designed to increase students' understanding of ESG principles and real-world applications. The students expressed their excitement for the opportunity to engage in this hands-on learning experience outside of a traditional classroom setting.

## **Ocean Park ESG Experiential Learning Day for MScPACG and MAIA Students (10 January 2025)**

Following the group activities, the students enjoyed lunch at Neptune's Restaurant with their programme leaders. This provided a relaxed environment for informal discussions and networking. The day concluded with a complimentary visit to Ocean Park, and the students were able to explore the park's attractions and enjoy its various exhibits.

Experiential learning days like this can enhance students' understanding of ESG practices while strengthening relationships among peers and Department faculty, making it a memorable and impactful experience for all participants.
