

Congratulations to the 2025 General Research Fund (GRF) Awardees!

8 JULY 2025

The Department of Accountancy is pleased to announce the recipients of this year's General Research Fund (GRF) grants offered by the Research Grants Council (RGC), showcasing our faculty members' exceptional research achievements. We are proud to share that four of our esteemed faculty members have successfully awarded GRF funding:

Principal Investigator (PI)	Project Title
Prof. WONG Yu Ting Forester	Bears Going Extinct? Interest Rates, Regulatory Enforcement, and the Survival of Short Sellers
Prof. WEN Jing	Unraveling the Leverage-Risk Anomaly: Underfunded Banks' Shift to Secure Securities After Deposit Shocks
Prof. FAN Zhongwen	Industry Conferences and Product Price Coordination
Prof. TAN Qin	Peer Pressure: Do Non-unionized Firms Reduce Disclosures in Response to Peer Unionization?

The Department extends its congratulations to the above faculty members on their outstanding accomplishment. We look forward to more recognition of our faculty's prestigious research in the near future.
