

## AC Students Joined a Firm Visit to the KPMG (17 April 2026)

30 APRIL 2026

On 17 April 2026, the Department of Accountancy (AC) was invited to visit KPMG, a global network of professional firms providing audit, tax, and advisory services. This visit gave the students a unique opportunity to gain insights into the accounting industry and explore the future of auditing, including IT auditing as an evolving career path.

During the visit, students had the opportunity to network with auditing and IT auditing professionals and explore a wide range of career opportunities within the firm. KPMG representatives conducted informative sessions, including one entitled “Partner Sharing on Audit and IT Audit Careers”, and discussions of the application of ISA and accounting knowledge in these roles. The students engaged actively in a Q&A session regarding internships and graduate hiring with the HR Recruitment Manager, and they had the opportunity to submit their CVs on the spot.

AC extends its gratitude to KPMG for hosting the firm visit and providing informative sessions for our students. The visit not only enhanced our students’ understanding of the accounting profession but also offered valuable insights into potential career paths in both accounting and auditing-related roles.
