

“Unlocking Opportunities: The Professional Accountant’s Journey” Seminar for MAIA and MScPACG students (17 September 2026)

15 OCTOBER 2026

On 17 September 2026, the Department of Accountancy organized a seminar for MAIA and MScPACG students, titled “Unlocking Opportunities: The Professional Accountant’s Journey”. This seminar offered Master’s students a valuable opportunity to meet and interact with representatives from leading accounting professional bodies, including the Hong Kong Institute of Certified Public Accountants (HKICPA), the Association of Chartered Certified Accountants (ACCA), and CPA Australia.

During the seminar, students gained insights into the evolving landscape of the accounting profession and the skills increasingly valued in today’s workplaces. The speakers also discussed pathways to professional certification and shared practical guidance on career development and the wide range of opportunities available within the profession. Through an interactive Q&A segment, students engaged directly with the guest speakers and raised questions about industry trends, professional qualifications, and career planning.

The Department hopes that this seminar has strengthened students’ understanding of the profession and clarified various possible professional qualification and career development pathways. We encourage students to build on what they have learned by staying engaged with these professional bodies, expanding their networks, and actively exploring opportunities throughout their studies.
