The Department of Accountancy (AC) organized a Recruitment and Group Interview Training Workshop for MAIA and MScPACG students on 24 September 2026. This workshop was designed to equip students with the skills needed to succeed when applying to Big 4 firms, as well as other CPA firms and commercial organizations, during graduate recruitment.

The workshop was led by Mr. Ivan Au, a Partner at PwC, and Ms. Eddy Kwok, a Manager at PwC. Drawing on their extensive recruitment experience, they shared valuable insights into what interviewers look for and how candidates can perform effectively in group interview settings.

In this session, the interview format, common assessment criteria, and key competencies, including communication, teamwork, leadership, and structured problem-solving, were also introduced. Through mock individual and group interview activities and feedback, students identified their strengths and areas for improvement, helping them to better prepare for upcoming recruitment opportunities. The Department of Accountancy looks forward to organizing more practical and insightful training workshops for students.
