

Tea Gathering for MAIA Programme Graduates

The Department of Accountancy organized a tea gathering ceremony on 8 May 2023, for graduates of the Master of Arts in International Accounting (MAIA) programme.

The tea gathering served as an opportunity for faculty and students to bond, and thus it helped graduates build an alumni network. Dr. Zheng Liu, MAIA Programme Leader, introduced Prof. Chen Yangyang, Acting Head of the Department of Accountancy, to the graduates. Altogether, 35 graduates participated and were accompanied by the Department's faculty and teaching staff.

The event was a success. The graduates received valuable advice from the faculty and built closer bonds with their fellow classmates. The Department once again congratulates them and wishes them all the best in their future.
