Important Note on QP Module Exemptions

Our accredited programme includes two prescribed elective courses (AC5890 & AC5891), which are essential for obtaining exemptions from the 10 Associate Level Modules of the QP. If students intend to sit for the QP and have not completed these electives, for any reason, or have not covered equivalent subject areas in their previous studies, they may need to undertake the relevant QP modules independently. Exemptions are subject to fulfilling HKICPA's requirements.
