

Hong Kong Top 6 teams in J.P. Morgan Asset and Wealth Management Challenge 2018

Challenges Make Us Stronger

CHENG Xueyang Jessie (Year 2, BBAAC)

SHI Zining Sharon (Year 2, BBAAC)

The J.P. Morgan Asset and Wealth Management Challenge 2018 was the most challenging yet enjoyable learning experience I have had during my university life. We won the university round and were the only CityU team in Hong Kong's Top six teams in the national round. Sharon and I were teammates in the ACCA Business Competition 2017 and we both truly enjoyed exploring new business challenges, which inspired us to enter this competition.

In the competition, we gained insights into the asset and wealth management industry. Because we reached the national round, we had precious opportunities to learn from our mentors at J.P. Morgan, who are professional analysts and executive directors. ”

For great support from our department, we would like to express our gratitude to Dr. Raymond Wong, Mr. David Yip and Mrs. Lai Min Mei, who constantly encouraged us to follow our passion in exploring the profession and the business world.

We would definitely encourage AC students to join such competitions to develop self-learning initiatives, analytical skills and a strong collaborative spirit, which will contribute to their future development. More importantly, do not be afraid to push the boundaries and step forward. We are ready to embrace the next challenge—are you?

Second from left, Jessie and second from right, Sharon
