

## Guest Lecture by PricewaterhouseCoopers on 29 March 2019

Dr. Raymond Wong and Dr. Annie Mok organized a Guest Lecture on Base Erosion and Profit Shifting and International Taxation for our Master's students (MAIA and MScPACG), which was held in the evening of 29 March 2019.

The Department was honored to invite two speakers from PricewaterhouseCoopers Hong Kong to conduct the lecture.

(1) Mr. Fergus Wong (Director, Tax Services—National Tax Policy Services)

(2) Mr. Kenneth Wong (Tax Partner, International Tax and Mergers and Acquisitions)

As both speakers possess extensive experience and knowledge of Hong Kong tax and international tax, our Master's students had the opportunity to familiarize themselves with these topics as a supplement to their regular lectures.

The lecture was attended by a full house with active participation from students; please find the photographic highlights below.
