

## 9th Joint Accounting Research Workshop 2019

On 17-18 May 2019, the Department of Accountancy (AC) held a Joint Workshop in Accounting Research in the Lau Ming Wai Academic Building (LAU), City University of Hong Kong (CityU). This workshop was the ninth in a series of research workshops jointly hosted by CityU, the National Taiwan University (NTU) and the Shanghai University of Finance and Economics (SUFU) to enhance interaction among accounting scholars from Hong Kong, Taiwan and mainland China. Ten representatives of NTU and SUFE, three distinguished guests and all of the academic faculty members of CityU's AC attended the event.

Professor Jeong-Bon Kim (Head of AC, CityU) delivered the opening remarks and exchanged gifts with Professor Shuen-Zen Liu (Head of Department of Accounting, NTU) and Professor Qinglu Jin (Dean of School of Accounting, SUFE). Six scholars from CityU, NTU and SUFE presented their latest research on topics such as financial disclosure, auditing, tax and the stock market. The three distinguished guests—Professor Xiumin Martin from Washington University in Saint Louis, Professor Yinghua Li from Arizona State University and Professor Liandong Zhang from Singapore Management University—offered invaluable insights during the discussion. The workshop attendants also provided insightful comments and suggestions during the open discussion.

This joint workshop provided an ideal platform for interaction between academics from Hong Kong, Taiwan and mainland China. The event was a great success. We were delighted to see such a good turn-out and such a stimulating exchange of ideas. Following the success of this workshop, we will meet again at the 10<sup>th</sup> workshop in the series, which will be hosted by SUFE in Shanghai in 2020.
