

Join Us

You're invited to join our "Path to Your Profession" series. These 12 virtual events will be covering four topics throughout 2025.

Each of the topics will be covered on three occasions, scheduled in accordance with different time zones, meaning that no matter where a student is based, they will have a session available in their time zone.

These sessions are designed to help students prepare for their careers after education, whether that be on building a CV, learning how to network, or looking after their own well-being during their career.
