

# Banking Connections 2023

## Hong Kong

As one of the world's largest financial institutions, our global connections allow you to create a career on your own terms. Come and meet us in our Hong Kong office, where we will introduce you to the world of banking.

This program is jointly held in Hong Kong and Singapore. Over the three days, you will have opportunities to interact with senior leaders and industry experts from across different lines of business in Asia Pacific. There will also be networking sessions with recent graduates who have joined the bank as well as our employee networks.

This is your chance to find out more about our internship programs for 2024, so that you can determine where your skills and aspirations best fit. Students graduating in 2025, majoring in any discipline, and with an interest to learn more about Bank of America are welcome to apply.
