

HSBC Career Insights into Asia Series

This is an opportunity for penultimate or final year students to learn more about our graduate and internship programmes at HSBC, and who are interested in starting their career in Asia Pacific.

Through these virtual events, you will hear from, and engage with some of our senior business leaders and current graduates from the region. They will share their insights about their particular business in the Asia-Pacific region, and help you learn more about what a career at HSBC is really like.

You will also have the opportunity to find out more about our 2024 internships and graduate programmes, and the recruitment and assessment process.

Please note that registration to this event is mandatory. Placements will be confirmed by the HSBC Graduate Recruitment team via email together with the event joining instructions in advance of the session.
