

WHO WE ARE

BPW Hong Kong is an affiliate of BPW International, a member organisation working for gender equality and the empowerment of all women. Founded in 2015, this is the second BPW affiliate to be established in Hong Kong (original affiliate: 1979-2013).

Our parent organisation, BPW International, was founded in Geneva in 1930 by Dr Lena Madezin Phillips, who in 1919 had previously established its predecessor, the National Federation of Business & Professional Women (USA). Today, BPW International has approximately 30,000 members in more than 100 countries across 5 continents. Since 1947, we have maintained consultative status with the UN via ECOSOC; currently, there are BPW representatives aligned with each UN agency. We also hold participatory status with the Council of Europe.

The primary purpose of BPW is the economic empowerment of women, through UN advocacy and local action as well as networking, mentoring, mutual support, and the development of leadership and professional skills. Flagship initiatives include "Equal Pay Day" and "Women on Boards."

Some of our programmes which distinguish us from our global affiliates include:

- Global Skills Training Programme
- Dynamic Global Twinning Hub
- Integration of Environmental Sustainability with Gender Equality
