

# What will you create?

## 2020 Morgan Stanley Asia Technology Events Registrations Open Now

Morgan Stanley believes capital has the power to create positive change in the world. The biggest and most impactful changes come from people like you. If you come to Morgan Stanley, what will you create?

Join us for our [Women in Tech Career Webinar](#) and [Technology Insight Day](#)

### Morgan Stanley Women in Tech Career Webinar

At Morgan Stanley, we help the world finance great ideas that move society forward, and we rely on technology to do it. If you're passionate about solving problems, working as part of a team that creates positive change, and being exposed to a huge variety of cutting-edge technologies, join us at our Women in Tech Career Webinar.

You will hear first-hand from female Technologists at Morgan Stanley on:

- Why they believe working for our Firm's Technology business is a rewarding career choice for women
- How Morgan Stanley has supported them throughout their careers
- Why they believe our culture is a real differentiator
- Our approach to training and development to ensure women have the right skills at the right stage in their careers, to attain the success they deserve

By participating in our interactive panel and small networking sessions, you will be able to ask the career questions that matter most to you.

### Morgan Stanley Technology Insight Day

Our rich history and culture of innovation helps the firm stay on the cutting-edge. Join our Technology Insight Day to experience our virtual Tech Expo.

- Hear first-hand from some of our world-class technologists on the work being developed by their teams to solve complex client and business challenges – and learn how they make an impact every day
- Participate in an Agile exercise to understand our collaborative team approach to delivering value faster
- Network with technologists across all levels

We would like to invite university students interested in obtaining a 2021 Technology Summer Internship, as their first step towards pursuing a Technology career in Hong Kong, to attend our virtual Insight Day.
