

Bank of America Banking Connections (Virtual) 2021

As one of the world's largest financial institutions, our global connections allow you to create a career on your own terms. Given the current environment, we are bringing our "Banking Connections" series to you virtually.

Come spend half a day with the campus recruitment team and representatives from our different lines of business, where we can get to know each other better. You will develop a better understanding of what we do as a firm, what our values are, and more importantly, find out more about what summer internship opportunities are available for 2022.

Students graduating in 2023, majoring in any discipline, and with an interest to learn more about Bank of America are welcomed to apply.

Key highlights

- Half-day virtual program to gain insights into our different lines of business
- Develop a better understanding of the people and culture at Bank of America
- Speak directly to the recruitment team and recent graduate joiners
- CV writing and interview workshop
- Intimate group setting, limited seats available for each session
