Accenture 2025 Campus Recruitment

Work at the heart of *change*

Accenture Analyst Accelerator Program (AAP)

To accelerate your growth in Accenture, our graduate jobs are fully supported by the Accenture Analyst Accelerator Program (AAP). It is a well-designed systematic and personalized development program for our graduate recruits, which aims to cultivate well-rounded talent and future leaders across our service groups in Strategy & Consulting, Technology Services and Song.

What roles do we offer?

Our AAP program offers 6 dedicated career tracks tailored to match your career interests for your optimal growth. We will help you discover your passion, leverage your strengths, and cultivate your unique career development.

Strategy & Consulting

Strategy Analyst
Our consultant applies deep functional and industry expertise to define and answer strategic business questions. We develop recommendations for growth opportunities, high-performance operating models, and solutions for business, technology, workforce, and operational challenges.

Management Consulting Analyst
We help client analyze it's current state and design new business processes and solutions leveraging established methods, tools, and assets. We are a group of problem solvers that help client by implementing programs and interventions that prepare the organization for change.

Technology

Software Engineering Analyst
We design, develop, and test custom software solutions, translating system requirements into detailed specifications. Our team creates integration approaches and provides primary support for application installations, ensuring our solutions meet programming standards and interface specifications for optimal performance.

Business Analyst
We assist at any stage of business and technology transformation projects, leveraging our expertise to identify scope, define requirements, and create specifications. We develop proof of concepts, provide estimates, design solutions, and support implementation and change efforts throughout the process.

Song

Experience Transformation Analyst
We translate strategy into actionable solutions for long-term success. Our team defines organizational and customer adoption requirements, develops "to-be" functionalities and workflows, and establishes a change management programs to effectively launch experience transformation solutions.

Digital Marketing Strategy Analyst
We leverage competitive insights to tackle brand and customer challenges. Our team drives customer-centricity through audience segmentation and research, develops digital marketing content plans, and promotes the adoption of emerging trends to enhance campaign planning and customer relationship marketing.

Personalized Training

Dream For The Future - Take Your First Steps.
AAP will help you develop a consulting mindset, think creatively about how to design and optimize customer experience, and learn about how to use cutting-edge technologies. Join us for a 2-year learning journey!

1. Ramp-up (0-6 months)
Expand your mindset and start your new career in consulting. Here you will learn fundamental consulting methodology and network, and build relationships in the Accenture family.

2. Widen Your Horizon (6-12 months)
Learn from expert-led talks and discover your future area of expertise. During this stage, you will learn and build your skills in line with our customized learning roadmap.
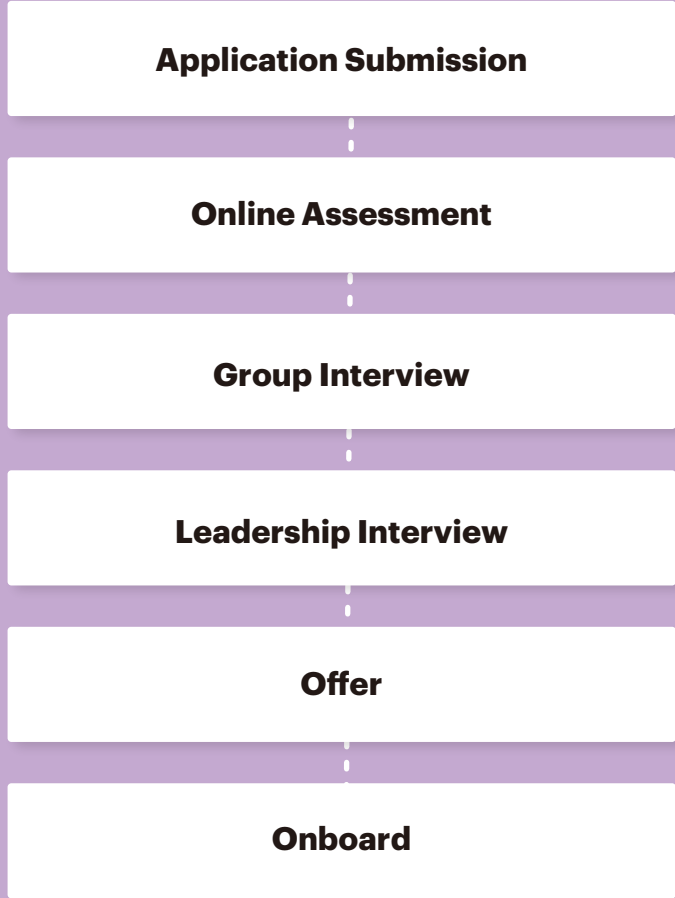

3. Find Your Focus (12-18 months)
Discover what motivates you and make it your priority. During stage three of AAP, you will learn about Accenture's new capabilities.

4. Build Your Proficiency (18-24 months)
Embrace intelligent curiosity and strengthen your expertise. Accenture's intelligent adaptive learning platform will recommend the best courses for your specialization.
