

PROGRESS MEANS

*Working with the world's leading organizations.
Gaining experience in a wealth of industries.
Creating competitive advantages.*

Interested in accelerating your way to the 2018 Citi Summer internship program? The Treasury and Trade Solutions (TTS) Team is keen to find creative problem solvers, outside-of-the-box thinkers, and effective communicators. If you enjoy challenges, here is your chance to solve a business case and present your solution. Winners of the competition will fast track through to our final round interviews for the TTS 2018 Summer internship.

By participating in the Hong Kong Case Competition, you will gain exposure to the world of transaction banking and also have a chance to gain industry experts' advice on solving the case. Shortlisted participants will be invited to our office in late September 2017 for an in-house support session to gain tips and hints on how to solve the case and learn more about the business.

There will be 2 Case Competitions; one for MBA students and one for Undergraduate/Master's students (studying any discipline, not restricted to Business majors). We encourage applications from all degree backgrounds.

Registration Process:

1. Register online via. oncampus.citi.com under University Programs, Events.
2. Send an email with the subject title "Citi Hong Kong: Case Competition 2017" to asia.graduate.recruitment@citi.com with your team name and member names. Team size should be 3-4 people.

Shortlisted candidates will be invited to an in-house briefing at our office in late September 2017.

Application Deadline: October 3, 2017
