

Grand Graduation Ceremony of CityU, Dept of Management was held on the 7th of May, 2023

The Department of Management Commencement 2023 was held on the 7th of May, 2023. It was a remarkable day for the graduates of 2023. A graduation ceremony held in City University is an event like no other. Having survived early morning classes, assignments, presentations, meetings and online learning, they had all made it through to reach this day. There was a sense of excitement in the air as graduates, their families and friends gathered to celebrate this remarkable day. The graduates walked in the auditorium and were seated in their seats, ready to march on stage and take that coveted degree once the ceremony began.

One of the most exciting moments of the graduation ceremony was the academic procession. When the professors and faculty members entered the venue, dressed in their academic robes and donning their caps it was a proud moment for everyone in the department. The faculty, who are celebrating not just the achievements of the graduates, but also their own contributions to the university reminded us of the years of scholarship that have gone into building the CityU Dept of management that we rely on today. The academic procession is a symbol of the long history and traditions of CityU academia and it serves as a reminder of the importance of intellectual curiosity and academic rigor of our department.

After the academic procession took their seats on the stage and Professor Stan Li, the presiding officer, started the ceremony and convened over it, the graduates walked on stage presented by Dr. Andrew Chan, and the degrees were handed over to them by MAGBM Program Leader, Dr. Chak Fu Lam; MSom Program Leader, Dr. Long Wang and BBA MGT Program Leader, Dr. Andy Kwan. It was an exciting and proud moment for the graduates as they collect their degrees one by one, with happiness in their eyes and smiles on their faces. Dressed in their regal academic robes, each one unique to their degree and program of study, the graduates came up on stage proud and firm, collected their degree and thanked their professor as their families and friends, cheered them on. This journey wouldn't have been possible without their professors and parents who have been with them through their academic journey and were super excited for their bright future.

The general office staff oversaw the proceedings and made sure that everything ran smoothly. After the degree award ceremony was over, the graduates were congratulated on their achievements and reminded of the responsibilities that comes with their degrees. It was a moment of reflection, as the graduates looked back on their time at the university and contemplated about the opportunities that lie ahead.

The graduation ceremony is a time of celebration, but it's also a reminder of the hard work and dedication that goes into earning a degree. It's a testament to the power of education and the importance of academic excellence. These are moments that will be remembered for years to come, as graduates move on to the next chapter of their lives, proud of what they have achieved and excited for what the future holds.

On behalf of everyone at CityU Department of Management, congratulations once again to the graduating class of 2023 – namely our graduates of BBA in Management, Master of Arts in Global Business Management (MAGBM), Master of Science in Organizational Management (MSOM) and Ph.D. in Management. You have built a foundation for life and you should be super proud of yourselves for all your hard work and dedication. So, MGT dept, graduates of 2023 hold on to the memories you've made, cherish the friendships you've formed, and bask in
